Verona Fair, 1980s - Giandomenico Follador founder of Ceramiche Borso

MATERIA FANTASIA PASSIONE

Dal pensiero alle mani.
Dalle mani alla materia.
Dalla materia all'oggetto.

Malleabile, amica, aperta alla fantasia
la ceramica si accende di nuove forme.
E sperimenta lavorazioni originali, effetti materici insoliti.

Oggi come allora, quel pensiero, quell'idea,
nata dalla visione chiara e lungimirante di Giandomenico Follador,
continua a divenire forma e luce sotto i nostri occhi,
grazie al fare assiduo e appassionato
della figlia Barbara e della moglie Maria Antonia.

TEXTURE IMAGINATION PASSION

*From thought to hands.
From hands to texture.
From texture to object.*

*Malleable, congenial, open to the imagination:
ceramic meets light to form new shapes.
It experiments with unique workmanship, with unusual textural effects.*

*Then and now, that concept, that idea,
born of the clear and far-reaching vision of Giandomenico Follador,
continues to take shape and becomes light before our eyes,
thanks to the tireless and impassioned commitment
of his daughter Barbara and wife Maria Antonia.*
