DECO

PAGE 23 - 388

A decorative pattern of lightbulbs is located on the left side of the page. The lightbulbs are arranged in a grid-like fashion, with some appearing slightly larger or more prominent than others, creating a subtle texture. They are rendered in a light gray color against the dark background.

LIANE

Refined simplicity and powerful functionality come together in the LIANE pendant lamp. This stylish hanging lamp from the pendant fixtures category is crafted from rust-brown aluminum and equipped with an integrated LED light source. Thanks to the pulley system, the lamp is easily height-adjustable, ideal for dining or living rooms. The color temperature is adjustable between 2700K and 4000K, offering warm or functional light at any time. With a diameter of 80 cm and a maximum height of 163.5 cm, LIANE delivers both ambiance and statement. Easily connect it to a wall switch and elevate your interior.

VIDAL

An unobtrusive ceiling lamp that still stands out? Vidal is the name. This circular ceiling light is the pinnacle of an intense glow without being overdone. With its opal light surface encased in a brass ring, Vidal is a beautiful phenomenon both on and off. The ceiling lamp par excellence for the hallway, at the washbasin in the guest WC or above your chest of drawers. Vidal is 28 centimetres long and wide and 6 centimetres tall. With an external dimmer, you can easily control the light comfort for the ideal atmosphere.

TALOWE LED

An elegant and bright ceiling lamp for a modern interior. This Talowe LED resembles a style icon from the 1960s, but most of all it shows that it is timeless. This ceiling lamp owes that to its great details and versatile design. The aluminium frame is robust and includes a translucent diffuser in acrylic. That lets you enjoy warm white light in your cosy living room, entryway or bedroom, beautifully and evenly spread through the room. With 1800 lumens, you can also see clear as day at night. That the ceiling lamp uses very little energy it owes to the integrated LED light. And a free tip: when you want to make it cosy in your living room, just add a dimmer.

This ceiling lamp owes that to its great details and versatile design. The aluminium frame is robust and includes a translucent diffuser in acrylic. That lets you enjoy warm white light in your cosy living room, entryway or bedroom, beautifully and evenly spread through the room. With 1800 lumens, you can also see clear as day at night. That the ceiling lamp uses very little energy it owes to the integrated LED light. And a free tip: when you want to make it cosy in your living room, just add a dimmer.

MARGARY

Third time's a charm. Because with its three pendants, Margary hanging lamp does exactly what it needs to do: create atmosphere and amaze everyone with its sophisticated design. With an eye for surprising technological capabilities as well. Take a look at the separate pendants in detail. The aluminium rod opens into an integrated LED bulb. That bulb spreads its warm white light neatly downwards. Slightly higher, an aluminium cylinder seems to float around the rod. This optical illusion is enhanced by the second integrated LED bulb between the two cylinders. Inside, the smallest cylinder seems to glow. That glow enhances the unique atmosphere Margary brings into your home. Each pendant is individually adjustable in height. You hang them 50 to 169 centimetres high. All at the same level or in a playful dialogue. You choose.

CHAMPION-LED

As the name suggests, Champion LED is a champion in the world of floor lamps. The elongated design stretches out in your living room or bedroom. Thanks to the two light bulbs, one halfway and one at the top, you can enjoy twice as much atmosphere in your house. The trumps of this reading lamp are great: a unique design, with a flexible reading arm and LED lighting. The lamp has two dimmers, so that the brightness of the two bulbs can be adjusted separately. With its small diameter, Champion LED fits in any corner. Under the warm light of this floor lamp, reading is always a pleasant pastime.

KNULLE

Combine cosy and comedy, and you have Knulle. This little table lamp stands out in its simplicity. The design is as simple as it is progressive. The base is asymmetrical and gives the lamp a surprising appearance. Above, there is just enough space to spread a beautiful glow. Below, the lamp shines warmly and spontaneously. The Knulle is barely 28 centimetres in size and therefore fits in any corner of your room. On your side table or coffee table, but also on your dining table. It even works outstandingly as a night lamp in a modern bedroom.

JOANET TUBE

More is better. At least, that is the case with this pendant light, named Joanet. Not one or two, but as many as six light points dangle down stylishly from the mounting plate. Surrounded by an elegant glass shell, with a dialogue between bright and fumé areas. The varying sizes of the glassware add dynamic to the luminaire. To enjoy the magic to the max, choose filament lamps. Connect Joanet to a dimmer to immediately bring in a real mood maker.

JOANET

High-quality glass and brass is the ideal formula for stylish design. The pendant light Joanet has understood that well. The elegant shapes and the fumé finish of the glass give this fixture a mysterious side. The light point spreads a pleasant, diffuse glow from the heart of the glass tubular shape. You can easily adjust Joanet in height before attaching the mounting plate to the ceiling. After connecting to a dimmer, this lamp brings even more atmosphere to your modern interior. For every occasion.

JULIUS

Can your interior handle a bit more? Then pendant lamp Julius is right for you. With a full five glass balls of light, it can serve very well as a vintage eye-catcher in your home. The glass balls of light, with a fumé finish for an even stronger look, dangle at different heights on their fine, textile cord. All you have to do is hang them at the desired length - up to a metre and a half - and attach the compact mounting plate to the ceiling. Are you going for the ultimate mood setter in your house? Then connect the light fixture to a dimmer (not included). Julius is compatible with LED bulbs.

MARIUS

Retro is never boring, and this ceiling lamp certainly isn't. Marius is like fairy lights to the eyes: warm, cosy, full of character. Its shape is very similar to an inverted cognac glass, made of fume glass and with a nice view of the filament light bulb. You don't even have to turn on the light to enjoy Marius. Connect an external dimmer to Marius and play with brightness and colour shades. Even so, Marius is subtle with its diameter of 20 centimetres and 22-centimetre height. Oh yes, and Marius really feels at home in every room.

TYCHO

A perfect mirror image with wonderful lighting. Meet the Tycho wall lamp. This wall lamp uses two perfect glass spheres, which are positioned one above the other on the steel base. The compact wall lamp immediately attracts attention with its playful design. The light points are located in the spheres. They spread their light diffusely and remain somewhat hidden behind the matte glass. To create the right atmosphere for every occasion, connect Tycho to a dimmer.

ORLANDO

Orlando is the perfect image of elegance and style. The black smoked glass almost wraps the room in a mysterious atmosphere. Especially if you combine Orlando with the right LED light: a tubular filament light with smoked glass. Perfect for setting the right tone in every room. Especially when you connect this pendant light to a compatible dimmer. Let Orlando fully come into its own in the room by hanging it at the right height. This can vary between 120 to 170 centimeters. It is most comfortable in a modern interior, but brings mood and cosiness to a more rustic environment just as well.

MONSARAZ

Back to basics with pure, fine materials. The Monsaraz pendant lamp is really something to behold. The filament bulb drops down from the small, round mounting plate to reach up to 161 centimetres. Prefer your pendant a little shorter? No problem. You can easily adjust the length yourself to a minimum of 70 centimetres before installing Monsaraz on the ceiling. The pendant has a luxurious retro look thanks to the glass sphere that stylishly surrounds the bulb. With a diameter of 25 centimetres, Monsaraz has a clear presence without demanding all the attention.

TOLEDO

Toledo radiates nothing but warmth, just like the authentic Spanish city that this pendant light is named after. The combination of amber-coloured glass and copper perfectly lends itself for this design. This chandelier is a tad vintage, but also fits modern and rustic settings. The copper part of the lampshade was given a subtle wood motive, which adds softness to the entire feel. Hang this light at the right height thanks to the adjustable cord and connect it to a dimmer for the perfect result.

CINTRA

The Cintra pendant light is a striking feature. The high-quality acrylic with its characteristic grooves creates the impression of a crystal ball. You can choose where to hang the lampshade by adjusting the length of the cord. Cintra boldly takes centre stage in your home. The warm white light radiates outwards to bring the ultimate level of homeliness to your bedroom, lounge or dining room. The brass detailing adds a touch of style to this pendant light. The built-in LED light is easy to connect to a wall switch. Make a statement with Cintra.

JANY

Even with its compact dimensions, the Jany table lamp holds its own anywhere. Its shapes are reminiscent of a pouffe where you can settle down - cosiness: check! - while the combination of glass and metal create a retro look. The metal base is a completely smooth cylinder. The glass envelope around the light point is anything but flat. The glass has been developed into a ribbed, spherical shape. The swell in the glass gives the light a dynamic character. With benefits for every interior.

SUENO

Looking for a stylish table lamp that integrates perfectly into your interior? Sueno is the name. Made with high-quality, frosted glass on a brass base, it brings a touch of nostalgia into your home. The fine, round grooves in the glass complete the picture. Barely 13 centimetres wide, Sueno takes up the right amount of space on the dining table. It also looks great on a coffee table or shelf. You can easily turn Sueno on and off with the switch on the cord.

FUNGO

Small, nice and cozy. Sometimes light should not be more. Fungo fulfills all these aspects. Go for the transparent version and add some retro to your interior, or choose the opaque version for extra intimacy. Fungo is versatile and will happily accompany your reading books on the book shelves, your flowers on the chest of drawers, or your children in the bedroom. Be a little careful because this table lamp of 28 centimeters high is made of high-quality glass. Turn Fungo on with the switch on the cord and enjoy your little friend at home.

TIMON

A stylish, rural table lamp actually fits in any interior. And with its sophisticated combination of materials, Timon may be a forerunner in that. Its secret? The combination of opal glass and high-quality steel into a functional whole. In addition, Timon has a 3-step dimming function that allows you to control the brightness of the light perfectly according to the desired atmosphere. And all that via a nicely integrated touch-dim button in the base of the lamp. You can switch Timon on and off with the same button.

TOUCH

TOUCH ME! After the Touch, Lucide has now released the Touch two. This table lamp is not only very nice but also very practical. It is namely equipped with a 'touch dimmer'. By touching the base with your finger, the lamp will light up, and by repeating this procedure, you can dim it back to your desired position. It is very handy to have next to the bed, but certainly also in other rooms of your home. Due to the balanced design, this beautiful table lamp fits either into a modern interior and one with a more classic design.

REDA

Up close, from a distance or from worm's eye view: flush ceiling light Reda will show a different face in every space. Out of the compact mounting plate, metal braces form a round lamp shade around the central light point. The slim design of the metal makes the flush ceiling light a very welcomed guest in a modern interior, where minimalistic elements play a key part. Or will you surprise your guests by using Reda as a modern accent in your rustic interior? In any way, you will enjoy diffused light which you can control all by yourself when connecting it to a dimmer (not included).

MESH

Ceiling lamp Mesh lifts elegant design to the next level. It does that with a version in metal mesh. The result is a clear outer shell of the light fixture that nevertheless keeps full view of the light point inside. That is precisely why Mesh comes into its own best when you opt for a filament bulb. With its diameter of nearly half a metre and its unique design language, Mesh attracts attention. Whether you install it in the living room, the kitchen or the bedroom. And after connecting to a dimmer, you immediately have an instant mood setter.

ARTHUR

The prettiest gifts come in a stylish box. The same goes for Arthur. The base of this flush ceiling light is a cube metal ironwork of 25 by 25. The lean sides keep the construction very whimsical. You can attach Arthur to the ceiling with the robust mounting plate. Do you like to be in control? Simply connect a dimmer to the lamp to create the right ambience at any moment. Arthur fits perfectly in a modern living room, bedroom or kitchen. And it brings a sense of luxury with it, due to the shining, copper fitting.

RIXT

Uniquely unique and extremely elegant. That's what this ceiling light, named Rixt, is. The metal is what creates the sense of simplicity, the combination of black and brass the chic note. At first glance, the shape looks heavy, with the black block, but the sleek lines of the brass rectangle create an interesting and balanced contrast. With its dimensions of 10 by 10 centimetres, the ceiling light is just striking enough to serve as both a subtle light source and a fun design element. You can also connect Rixt to a dimmer, giving you even more control of the atmosphere in your home.

SCOTT

Why make a wall light difficult if purity can be so beautiful? Scott is a wall light that shines thanks to its simplicity. The beautiful finish in matt-lacquered metal adds a simple yet eye-catching result. Especially if you combine multiple models in a row. To give your hallway added atmosphere, for example. Or as subtle lighting in the smallest room? Wherever you install Scott, you should pick a filament bulb as light source. This allows you to create extra atmosphere with this subtle wall light.

LORIN

Imagine yourself in the funky sixties or the roaring seventies with this retro table lamp. Lorin is his name. Its minimalistic design allows the materials - high-grade steel with a foot made from timeless marble - the space to shine. Combined with a filament bulb you will get the best from your new table companion. Switching on and off is done simply by using a switch on the cord. Lorin gives a nostalgic touch to your modern interior but he's also right at home in a rusty or industrial environment.

OTTELIEN

Ottelien, a special name for an exceptional wall light. Its most striking feature is undoubtedly its remarkable fitting, which makes the light source almost look like it's floating. Ottelien might only have one light source, but it radiates charisma into the room. Beautiful, simple and made of high-end steel. That is all it needs. Exactly those elements make the wall light feel right at home in a modern and a rustic interior. Even lovers of vintage and retro will find it to their liking. Connect Ottelien to a dimmer and you can set the perfect mood. The fixture is 17.7 by 21.8 centimetres. You can easily mount it on the wall by using the mounting plate.

MARIT

It's all in the details. That is also the case with Marit. The compact table lamp - barely 12 centimetres high - starts from a simple base. The thin foot climbs vertically upwards and ends in the fitting for the light source. What makes the table lamp extra special is the textile cord wrapped around the base. The retro line work on the textile cord immediately attracts attention. You also have the freedom to choose a light source yourself. A small tip: with a filament bulb, you get the best out of Marit.

MOYS

In everyday life, you occasionally need bright light in a specific place. A flashlight can help sometimes, but then you don't have your hands free. Moys combines flexibility and ease of use with functional light. This clamp lamp does exactly what the name says: with the clip at the bottom, you clamp the lamp on any edge or plate, like a tabletop, but also the back of a chair or bed frame. The lamp can also turn and tilt. So you not only put it in the right place in an instant, you also direct the light exactly where you need it.

SUZY

Wake up little Suzy. Wouldn't that be something? To be able to simply turn this table light on by singing it songs? Suzy is only 16 centimeters tall and has a diameter of 12 centimeters, but she holds her ground. Produced from black, high-end metal and with an inside in matt gold, it radiates nothing but atmosphere. This gets reflected on the surface you place it on. This applies to both this round version, as well as the square model. Combine Suzy with the right LED-lightsource and switch this table light on and off with the switch incorporated in the cord.

CINZIA

Cinzia combines airy pendants with sturdy metal cables to create a unique piece of lighting. The porcelain pendants have a wavy, decorative pattern that creates a soft lighting effect. Cinzia looks great in the centre of a hallway, but is also an elegant choice for illuminating a cosy corner in a living room or dining room. Looking for a pendant light that's both a focal point and a way to brighten up your space? The organic shapes of Cinzia are the perfect choice.

GOSSE

The cosiness of a lantern and the class of porcelain. These are the two main elements of the Gosse hanging lamp. The ribbed porcelain casing is trimmed at the top and bottom with a metal edge. For an extra stylish look. Gosse's sophisticated design ensures a diffuse distribution of the cosy light. The glow of the light source is muted through the porcelain, while the lamp casts its light through the open underside. You adjust the hanging lamp from 50 to 170 centimetres high and can easily connect it to a dimmer.

MIRASOL

Mirasol means 'sunflower' in Spanish. And that name choice is no coincidence. This table lamp exudes the warmth and cosiness of Spanish villages during the golden hour, when the sun is setting. The brass lampshade reflects the light and gives off a warm glow. The marble base adds a certain degree of class. With a height of 36 centimetres, Mirasol is at home in any living room. And what's more: with the built-in dimmer in the cable you can control exactly how bright you want Mirasol to be.

CHIMP

This bestial wall light is an original addition to your interior. It is the newest member from the Extravaganza series. The playful chimpanzee immediately stands out. Extravaganza Chimp is made of high-end plastic, so you can skip stocking on banana's. It dangles from your wall like a true acrobat, with the light source in one hand and the switch in the other. The light has a height of 48.5 centimetre and is perfect for dimming. You can give your jungle the right mood even at night.

GUST

Hats off for this likeable table lamp. Like an accomplished young man, Extravaganza Gust brings a touch of humour to your living room, bedroom or desk. In a stylish way as well. The plastic gorilla - don't hesitate to call it Gust - reaches up with his left hand to tip his hat. Not just a hat. The bulb is hidden inside the hat. The open top gives the light free play upwards, just as the space between the head of the gorilla and the hat itself spreads the rays of light downwards. Switch this extravagant lamp on with the switch on the cord and relax. Gorilla Gust is already setting a good example.

SIR WINSTON

A tough bulldog with a high cuteness factor as a basis for a retro table lamp. Extravaganza Sir Winston effortlessly combines class and kitsch. The depiction of the bulldog is made of high-quality porcelain. A fine runner comes out of its head. At the top of that rod: the light point. It is surrounded by a linen lampshade. This cylinder ensures a diffuse spread of the light. Ideal for creating a cosy atmosphere. Sir Winston measures 31.5 centimetres from his paws to the crown of the lampshade.

COCONUT

Combine a functional table lamp with a playful, extravagant interior accent? Extravaganza Coconut does that for you. An exotic scene plays out under the classic-looking cotton lampshade. Two chimpanzees climb up a palm tree. One eagerly picks coconuts while the other, smaller monkey watches approvingly. The crown of the tree is additionally illuminated by the lamp, which spreads its light diffusely.

TUSSE

Pendant lights of natural or simple materials are ever popular with young and old, both in a modern and classic interior. This Extravaganza Tusse chandelier is made of high-end linen and lends a golden touch to your interior. On the other hand, its round shape adds a retro touch. This elegant light has one light source surrounded by a linen lamp shade. The cord is neatly tucked away and the light is easily adjusted in height, from 50 to 152.5 centimetres. Give your room even more cachet by connecting Tusse to a dimmer.

FRIZZLE

In the Extravaganza collection, we like to add a pinch of boudoir to a healthy portion of retro. The cheerful colours of the Frizzle table lamps are the ultimate retro accent for any room. From your hallway to your bedroom or living room. Frizzle not only looks playful, it also has a lot of stylish features. These are shaped by the materials used, in turn a play between high-quality metals and fabrics. A satin ribbon around the fabric lampshade finishes it off. Like a package with a nice bow around it. This fine table lamp can be switched on and off easily via the switch in the cord.

CINTRA

A table lamp can also be a bit playful. And you don't have to tell Cintra that twice. This transparent twilight lamp looks a lot like a crystal ball. Yet it is easy to carry and can be used anywhere thanks to its handy battery, which provides up to 24 hours of lighting pleasure. In addition, the integrated dimmable LED bulb is an additional asset. With a diameter of 9 centimetres, Cintra is just large enough. Will you add this sparkle to your interior?

TURNON

Simplicity adorns, and sometimes it is small details that complete a design. That is the case for Turnon (get it?). We applied brass to the inside of the lampshade, which gives this wall lamp a colour accent. Sleek, especially in contrast to the black, high-quality aluminium. You simply turn and tilt this lamp to the correct position, and you can also easily connect Turnon to a dimmer. The included light bulb has the dim-to-warm function. Feel free to adjust the colour temperature. This is possible from 2200 to 3000K. Operate Turnon with the switch on the lamp.

GRONY

Grony can be used as both a wall and a ceiling spotlight. It looks like an ordinary black spotlight, but Grony has subtle colour touches that give him that bit of extra. The golden mount also serves a function, as you can use it to easily twist and turn the lightsource in the right direction. Grony is most at home in modern interiors, but can also get along great in a rustic style. This spotlight comes with an included lightsource equipped with the dim-to-warm principle, allowing you to regulate the brightness from 2200 to 3000k. You can also connect Grony to a dimmer.

ALION

Are you looking for a ceiling spotlight that offers just a bit more? Then Alion is the ideal choice. This spot is 18 centimetres high, with a square, metal ceiling plate of 10 by 10 centimetres. The lampshade consists of fume glass in a rounded square that is located around the light bulb. This gives the classic design of Alion a modern touch. The ceiling lamp turns and tilts, and you can easily connect it to a dimmer. The perfect light where and when you need it? Alion is ready.

MADEE

Class and elegance brought together in a unique design, with a base of metal and a lampshade of glass. Madee, as this ceiling spotlight is called, feels right at home in any room. A living room, hall or kitchen? Even the smallest room is happy to house Madee. You can easily twist and turn the fixture depending on the precise place you need your light. Don't need so much light? You can easily connect Madee to a dimmer. And thanks to the mounting plate, you can quickly and easily mount the spotlight on the ceiling. The best thing is that you don't have to pick a standard spotlight: Madee is compatible with LED. So why not pick a filament lightbulb for that extra atmosphere factor?

NILA

Nila immediately catches your eye thanks to its special shape and the combination of black and brass. Made of high-end metal, this is a high-quality ceiling spotlight. The metal cage protects the glass lampshade. It looks vintage, making it perfect for rustic or modern interiors. Nila can also be placed in combination with more industrial elements. You twist and turn Nila to the place you need its light to shine. It does not fit a UG10 lightbulb, but it does have an E14 fitting. Go for an LED or a filament lightbulb and connect it to a dimmer to effortlessly set the right mood in your room.

MAREN

Anyone who says that a wall spotlight is basic clearly does not know Maren. This wall spotlight translates a classic base and dynamic metal grid into a surprisingly retro accent for your interior. Small in size, great in appearance. The light point is surrounded by a fine metal mesh construction. The lamp diffuses its light neatly through the spherical grid. Maren is rotatable and tiltable, so that you enjoy maximum flexibility for your daily lighting needs.

GIPSY

Gipsy is its name. Pleasant and modern lighting is its game. This ceiling lamp - or should we say spot - has a GU10 fitting and is simple to connect to a dimmer. And it has quite a few other charms: the terrific, round shapes, for example, in a timeless and yet modern design. This ceiling lamp is 11 centimetres high. Certainly in combination with multiple copies of Gipsy, this lamp perfectly finishes your modern interior.

FEDLER

Ceiling spotlight Fedler is compact, geometrically perfect, has a modern appearance and a diameter of barely 12 centimetre. You can control the intensity of the included dim-to-warm led bulb by yourself after connecting the light to a dimmer (not included). Together with the intensity of the light, you can also change the colour temperature (3000K-2200K). Fedler is manufactured with high quality aluminium. You will enjoy a stylish and lightweight design. This also makes attaching the light to the ceiling very easy. Are you going to place multiple in a row or are your creating your own pattern of light?

CHIMNEY

Don't be misled by the name: this recessed spotlight, named Chimney, doesn't have anything to do with old, soot-filled chimneys. It is available with 1 or 2 light bulbs that can be directed and adjusted. The square design of high-quality aluminium lights up your industrial and modern home sufficiently. With the dim to warm lamps, Chimney truly deserves a spot in every room of the house. Together with its compatible dimmer, these light sources create the exact right colours, so the exact right atmosphere.

EKLYPS LED

A cosy warm light on your ceiling or wall. That is Eklyps LED. This version is flexible: feel free to use it as a wall lamp or ceiling lamp. Eklyps LED is fairly small in size and creates a warm glow in your environment and on the wall. The lighting is hidden behind a sleekly finished metal disc. Once the light is turned on, the disc changes into a diffuse glow that creates warm accent lighting. The aluminium base of the wall lamp can be attached easily to the wall. The integrated LED lighting does the rest. Eklyps LED fits perfectly in modern interior architecture, and in pretty much any room. Add an extra touch to your dining room, the guest toilet, the foyer or your lounge: anything is possible, nothing is required.

DEVI

The wall lamp Lucide Devi is a beautifully finished aluminium armature light. This wall lamp, often used by architects, best comes into its own on a lovely stucco wall or a tough, coarse masonry wall. This wall lamp namely provides a beautiful hourglass-shaped beam. With a back plate of 10,5cm x 8cm, the Devi is easy to place over a central box. The Devi is made with a G9 high-voltage fitting, but is delivered without a light source. The Devi is available in the colours of white, black with inside in matte gold and aluminium.

QUIRIJN

Light creeps in where it cannot go. At least with Quirijn. The simple wall lamp immerses any room in a warm glow due to its cylindrical shape that is cut at an angle on both sides. The brass inside of the lamp forms a warm contrast with the outer shell. Quirijn feels at home on any wall, in the hallway, living room or bedroom. The wall lamp is 30 centimetres long and just under 13 centimetres deep. Linked to an external dimmer, Quirijn effortlessly adapts to the mood of the moment.

CARLYN

The correct lighting is crucial for a bathroom. This ceiling light, called Carlyn, was specially designed for safe use in the bathroom. It has two light sources and is compatible with LEDs that radiate extra warm, white light. They are set up opposite each other to bring the light together beautifully in the middle. The stylish glass capsule over the lamps protects the light sources. The square frame made of aluminium is durable and open along the sides to allow the light to radiate into the room. The aluminium square of 25 by 25 centimetres is perfectly suited for modern bathrooms that need that extra something.

Ceiling spotlight Aven looks like a simple, cylindrical spotlight. Nothing could be further from the truth, since the design has been well thought out. Aven is specially designed for installation and use in bathrooms. The fixture is made of high-quality aluminium, and your spotlight is covered with a separate glass cover. You can thus easily switch the ceiling spotlight on and off, and you don't have to worry about moisture. You can easily connect Aven to a compatible dimmer. You can use a dim-to-warm spotlight bulb in this fixture. That allows you to set the right atmosphere, even in your bathroom, based on an adjustable colour temperature of the light source.

ZIVA

It is important to have enough light in your bathroom, and recessed spotlights are the perfect way to create enough light. But you might want to have a bit of ambiance, too, sometimes, to enjoy a hot bath, for example. In that case, Ziva is the perfect lamp for you. The round design of this recessed spotlight with a diameter of 7.5 centimetres is great for both classic and modern bathrooms. With the dim to warm function, you can simply set the right colour using a compatible dimmer. The light bulb can be adjusted to meet all your demands. Are you looking for some Zen? Turn the dimmer to 2200K and enjoy your hot bath like never before. And of course, Ziva is also at home in your other rooms.

TEXAS-IR

This wall light for outdoor use with integrated motion sensor is already a classic. In the anthracite housing, not only is the LED lighting beautifully tucked away, the infrared sensor is also only subtly visible. The sensor ensures that searching for a switch is completely a thing of the past. Texas IR, as this outdoor armature is called, turns on when someone approaches. It provides a heightened feeling of security with a very attractive and sleek design. Even with the technological features, this wall light is just 12 centimetres tall.

TEXAS

Let your way be shown by an exclusive design in outdoor lighting. This outdoor model named Texas consists of a plinth 40 centimetres tall and integrated LED lighting with a bright and yet cosy light. Texas is perfectly suited to illuminate paths, but also to bring extra atmosphere into your garden, patio or to your terrace. The anthracite construction fits subtly into the environment and provides great atmosphere in the evenings.

ZARO

Wall spotlight Zaro stands its ground in all weather circumstances. This modern fixture is specifically designed for long-term outdoor use. That it can take a beating is an understatement. Although that does not mean that it looks rough. On the contrary. The rectangular design in high-quality aluminum has a slim look. Inside, the light point is safely shielded. And as befits contemporary lighting, Zaro is compatible with an LED lamp. That completes the picture of your outdoor environment.

IRWIN

Combining aesthetics with practicality, Irwin is a slanted aluminium wall light with a rectangular edge. The contemporary design blends effortlessly into any outdoor environment. One of the practical features of this wall light is the integrated solar cells on the angled side. And there is more. The day/night sensor ensures that you have plenty of light when you need it, without wasting energy and making a conscious use of solar power. Irwin is also dimmable, giving you even more control over how you want to light up your home.
