

Onli was born in **Tuscany**, cradle of the Italian Renaissance, more specifically in Pisa, pioneer city of scientific innovation.

Onli is the result of a **40-year-experience** of lighting industry. This experience is supported by the originality and constant innovation research.

Onli was created with the idea of exporting the **Italian spirit of lighting** all over the world, combining beauty and functionality. That's the meaning of "click your light", realizing your vision of light, in a simple and in a professional way.

**Just desire it, we'll take care of the rest. As easy as a click.**
